HOW TO MAKE YOUR MENU INTERACTIVE

THREE SIMPLE STEPS

01

Send us your existing **menu**, or ask us to **design** one for you

02

Choose the **functionalities** that **suit your business**

03

Add our **QR codes** to your graphics

display

order

pay

book

SELL

more & faster:

TAKE ORDERS AND/OR
PAYMENTS

SMART

manage orders, prices and inventory

FROM YOUR PHONE!

WORKS FROM ANYWHERE IN
AND AROUND YOUR VENUE,
OR FROM HOME!

E-MENU

Display your menu online. User can activate it by scanning QR codes, or from a page of your website. Lets customer browse and share your menu **from** their phones.

INTERACTIVE MENU

Allow customers to **place orders**, and notify your staff on your favourite messaging platform. Users can **call, message, access extra information, more menus and offers**.

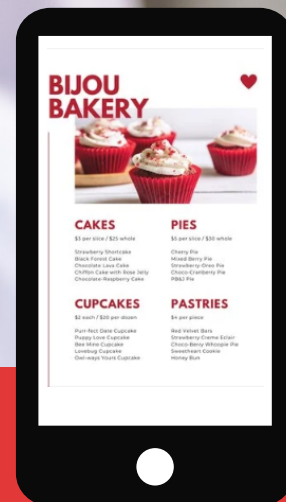

WHATSAPP STORE

Customers can **browse menus and place orders on WhatsApp**. Does not support online payments, but the user experience is seamless with its **shopping cart!**

ONLINE STORE

Start selling and **get paid online** with our bespoke e-Commerce! Online store with **unlimited items** and collections. With **companion App to manage** inventory, prices and discounts **on the go**.
